All C4 Expanded, No DEG in C4, All C3 Downregulated, BP, ReviGO 0.5, # HOGs 5

		lipid catabolic process	calcium ion transmembrane transport
defense response	response to auxin	lipid catabolic process	monoatomic ion transport
defense response			
intracellular signal transduction	response to light stimulus	lipid metabolic process	monoatomic ion transport
DNA demethylation DNA demethylation	phenylpropanoid biosynthetic process	biological_process	gametophyte development
